Parent FAQ

Parent Technology Use Awareness
CPHS students have unprecedented access to information at school and at home. This access requires of parents, communities, and schools the responsibility to teach and monitor technology use. One post, one online interaction with a stranger, one digital step into the wrong online community can affect a lifetime. CPHS will provide more parent information via email on tips for monitoring technology use and talking to your student about the opportunities and dangers of the internet.

Parent Access to Student Information
Parents are able to view their child’s grades, schedule, attendance, discipline, transcript, standardized test results, and emergency contact information, as well as pay textbook rental online. It is the responsibility of the parent to update information on Parent Access at any time to avoid incorrect emergency numbers and to ensure accurate AlertNow information. Students should not log into the Parent Access accounts. Students will be given their own accounts to view grades, attendance, etc. Parents may update information at any time. Parents who do not have active accounts can request an activation code by e-mailing CPHSParent@cps.k12.in.us.

Commitment to Career Skills and Professional Environment (Attendance and Dress Code)
We are excited to partner with parents to ensure 21st century workplace skills and professional attitude towards our workplace for learning. The dress code and all attendance policies will be clearly communicated and enforced.

Reporting Student Absence
Please familiarize yourself with the attendance reporting policies. Parents may call attendance 24 hours a day to report a student absence. Any absence not verified by a parent may become a truancy. To report an absence, the parent should notify an Attendance Secretary at cphsattendance@cps.k12.in.us or 663-4885 ext. 11010. Please give the following information:

- Caller name and relationship
- Student’s name and grade
- Reason for absence

Violations of the attendance policies, including truancies or absences not verified by a parent, could result in loss of student driving privileges, loss of student work permit, or a summons from the juvenile court system requiring both parents and student to attend truancy court.

South Lot: Enter from Main St. and turn right into South Lot. Follow

**Monday 5 p.m. Parent Phone/Email Update**
Every Monday night at 5 p.m. parents receive a call with updated information and reminders for the week. You will also receive an email from CPHS with the same information, which can also be found on our school website.

**School Time 7:35 a.m. – 2:37 p.m.**
CPHS will focus on faculty training and professional development aligned to school improvement goals.

**Emergency School Closings/Delays**

Teamwork towards excellence!

CPHS is committed to continuous improvement. Each year the administrative team and guidance team adjust responsibilities to produce stronger results for our students and community. Administrators and counselors have made some adjustments in the teams to more effectively serve the needs of students. We look forward to connecting with your family in stronger and more meaningful ways. Each Assistant Principal and Dean plays a vital leadership role to advance the mission of the school, while serving as a contact point on attendance and student service issues. The Crown Point Guidance Department invites you to engage and connect on college and career planning to take full advantage of the resources available. It is our intent to make a big school feel smaller to better serve you.

Join the fun... Join a club!

More than 50 possibilities exist for students to explore their diverse interests beyond the classroom by participating in our state and nationally ranked clubs, organizations, and co-curricular activities. No matter what their interest, students can find a niche where they continue the learning experience and help give back to the community. Make the most of your high school experience by getting involved!

“Participation in our clubs and organizations is a great way to enrich your high school experience. The time spent with friends and mentors allows students to grow and develop a sense of ownership in the school through positive activities. I would encourage all students to find something they are interested in and get involved.”
