I. Student Expectations

The purpose of our school is to provide the best possible educational environment for the students in our community. A student’s prime responsibility is to learn at high levels in a safe environment that is conducive to students maximizing their potential. Student behavior and discipline policies are in effect at all school-sponsored events on or off campus.

STUDENT RESPONSIBILITIES
Disruption, disrespect, insubordination, or non-compliance with other Crown Point High School rules and/or school personnel will result in appropriate disciplinary action.

1. All students shall accept the responsibility for their own behavior.
2. All students shall show respect for self, others, and for the campus and building by keeping Crown Point High School free from vandalism, graffiti, and other personal trash.
3. All students shall comply with school board policies, rules, and standards designed to protect the rights of all.
4. All students shall be involved in their educational success to the fullest extent possible.
5. All students shall contribute to a positive classroom-learning environment by:
   a. Being respectful and considerate of teachers and classmates in both words and actions.
   b. Remaining awake and avoiding the impression of sleeping.
   c. Coming prepared for class with required materials.
   d. Sitting in assigned seats.
   e. Working only on assignments from the current class unless otherwise directed by a teacher.
   f. Remaining seated and working until the bell rings. The teacher will dismiss class after the bell has rung.
   g. Participating in class.
6. All students shall be in possession of the student identification card issued to them by CPHS.

ATTENDANCE POLICY

STATEMENT OF BELIEF – The Board of School Trustees requires all students enrolled in the Crown Point School Corporation to attend school regularly in accordance with Indiana Code 20-8.1-3-17.2. The education program of CPHS is predicated upon the presence of the student and requires continuity of instruction and classroom participation. The regular contact of students in the classroom and their interaction with one another in a well-planned instructional activity under the tutelage of a competent teacher are vital to the educational process. Indiana Code 20-8.1-3-32 states that it shall be unlawful for a parent to fail to ensure that his/her child attend school as required. Therefore, students are expected to attend school every day. If a student must be absent, it is the parents’ responsibility to notify the school on the day of the absence and provide documentation. In accordance with Indiana Code 20-33-8-17, a student may be expelled from school if the student’s legal settlement is not in the attendance area of the school corporation where the student is enrolled.

Parents are strongly encouraged to regularly monitor their student’s attendance record via RDS Parent Access.

CHRONIC MEDICAL CONDITION
Parents or guardians of any student who is experiencing a “chronic medical condition,” an illness which results in missing a considerable number of school days, will be required to contact the Asst. Principals’ office and their student’s guidance counselor to discuss options.

ABSENTEEISM
1. Upon the third full day or single period absence of the semester, student and parent/guardian will be advised via letter home and/or email regarding the attendance concern and policy.
2. Upon the fifth full day or single period absence of the semester, the assigned administrator will contact student and parent/guardian to review the attendance policy and expectations, and will outline possible disciplinary procedures.
3. Upon the seventh full day or single period absence of the semester, the assigned administrator will schedule a meeting with the student and parent/guardian; other school personnel may be invited. Student will be placed on an Attendance Contract and stipulations for compliance will be outlined and may include: exclusion from participation in extra-curricular activities, driving to school, dances, work permit, and/or alternative to expulsion.
4. Upon the tenth full day or single period absence of the semester, the assigned administrator will work with Central Office, student, and parent/guardian to schedule an Attendance Waiver meeting and/or recommendation for expulsion; student may also be removed from the course(s). a required meeting will be convened with school
The following absences would exempt a student from expulsion or continued absence concerns:

a. Service as a page in the Indiana General Assembly
b. Service on a precinct election board on Election Day
c. Subpoena to appear in court
d. School-sanctioned field trips
e. Required religious observances
f. Death in immediate family
g. College visits, two per year – Seniors and Juniors only (Juniors may seek additional visits with approval from Guidance Counselor)
h. Military examinations
i. Other emergencies and unusual circumstances as approved by administration.

These absences are exempt and require appropriate documentation brought to school immediately following the absence.

EXTRA-CURRICULAR ATTENDANCE

Daily attendance at school and practice is expected of all students involved in extracurricular activities. Students must be in attendance in order to be considered eligible to participate in an event that day. Attendance at school the day following an evening event is always expected. Habitual school absences following an evening event will be subject to disciplinary action.

Exceptions are absences that have been excused by the school administration for such activities as field trips, attendance at funerals, school visitations, workshops, etc.

LATE ARRIVAL

All students who arrive late to school must sign/scan in with the Main Office. Students are considered absent from a class if they are more than 10 minutes late. Parents are advised to call 663-4885 (option #4) or email: cphsattendance@cps.k12.in.us if their student will be late to school by 10 minutes or more.

LEGAL SETTLEMENT

A student may be expelled if it is determined that the student's legal settlement is not in the attendance area of Crown Point High School.

PERMIT TO LEAVE SCHOOL/PASSPORTS

Appointments, such as doctor, dentist, orthodontist, or counseling, should be made outside the school day. If a student must leave during the day, the student should present a written request from the parent or guardian to the Asst. Principal's office before the first bell in the morning. If a note is not presented and the request is arranged by telephone or email with the Asst. Principal's office staff, the parent/guardian must sign the student out in person. This procedure is strictly enforced to secure the safety and well-being of your child.

PREARRANGED ABSENCES

The school discourages students from taking family trips/vacations during the school year. Be advised that negative academic consequences are likely to occur due to absences. Participation in classroom discussions and activities will be missed and the burden will be placed on the student to complete make up work. All absences due to vacations shall be counted toward the student's total number of absences. If there is a need for a prearranged absence, parents should send a note to the Asst. Principal's office advising of the student's absence at least five (5) days in advance of the proposed absence. The note should include the reason for the absence and number of days the student will be out of school. This request will be forwarded to administration for approval. Prior to leaving, it is the student's responsibility to make arrangements with individual teachers for work that will be missed during the pre-arranged absence.

Final exams will not be taken early unless pre-approved by a CPHS administrator.

REPORTING STUDENT ABSENCE

The parent of any student has the duty and responsibility to notify the high school of each student's absence prior to 9:00 a.m. on the day of the absence. When an illness exceeds the initial time indicated, the parent shall again notify school officials.

Parents may call or email 24 hours a day to report an absence:
Parents/Guardians should call: (219) 663-4885, ext. 11900 or email: cphsattendance@cps.k12.in.us

When reporting an absence, the parent should give the following information:
1. Name of caller and relationship to student
2. Student's name and grade in school
3. Reason for absence

Students are expected to submit documentation for exempt absences the day they return to school.

**ANY STUDENT ABSENCE THAT IS NOT VERIFIED BY A PARENT/GUARDIAN WITHIN 48 HOURS MAY BECOME A TRUANCY AND RESULT IN DISCIPLINARY ACTION.**

**TARDY POLICY**

Regular and prompt school attendance is necessary both in the development of students’ responsibility and in the achievement of academic success. Students are expected to be in their assigned classroom when the bell sounds at the start of each class. Tardiness per semester/per class will be handled with a progressive disciplinary approach.

1. Tardies 1-2 will result in a verbal warning from the teacher and the tardy will be documented in the student’s attendance record in RDS.
2. Tardies 3-6 will result in a one-hour detention being assigned by the teacher for each. Failure to serve a detention will result in suspension.
3. Tardies 7+ will be referred to an administrator for assignment of disciplinary action that may include: exclusion from participation in extra-curricular activities, driving to school, dances, removal from the course, alternative to expulsion options, suspension, and/or recommendation for expulsion.

**TRANSPORTATION DELAYS**

1. If a student is late for school due to delays caused by school bus transportation, the student will receive a pass from the Main Office.
2. If a student uses private transportation and is late to school, the tardy or absence is not excused. Refer to Attendance Policy for consequences.

**TRUANCY**

A student who leaves the building without prior permission, who remains in the school building but who misses class time without permission, or who refuses to attend school in defiance of parental/guardian authority will be considered truant. This includes the student and/or parent fraudulently (not) reporting an absence. Crown Point High School will cooperate with the Lake County Juvenile Court System to address students with truancies.

1. Upon the first referral for full day or single period truancy for the school year, the student and parent/guardian will be contacted by a CPHS administrator and student will be issued an in-school suspension.
2. Upon the second referral for full day or single period truancy for the school year, a required meeting will be convened with school personnel, student, and parent / guardian. The student will be assigned a suspension. Students may be excluded from participation in extra-curricular activities, driving to school, dances, and/or alternative to expulsion options.
3. Upon the third referral for full day or single period truancy for the school year, a required meeting will be convened with school personnel, student, and parent/guardian at which time student will be placed on an attendance contract or recommended for expulsion. Additionally, the student will be classified as a habitual truant and may have his/her name sent to the Indiana Bureau of Motor Vehicles and his/her driver’s license will be revoked for 120 days. A student who is under sixteen (16) years of age will not be allowed to obtain a license until the age of eighteen (18) or until he/she is no longer classified as a habitual truant. A student identified as a habitual truant is entitled to a review of his/her attendance record at least once a year to determine if attendance has improved so that he/she may become eligible for a license or permit.

II. Student Conduct and Discipline

Students are subject to school rules:

A. On school grounds before, during or after school hours and at any other time the school is used by a school group.
B. Off grounds at a school activity, function, or event.
C. While traveling to or from school or a school activity, function, or event.

In addition, students may be disciplined for engaging in unlawful activity on or off school grounds which may reasonably be considered an interference with school purposes or educational functions or which necessitates their removal to restore order or protect persons or school property. This includes any such unlawful activity that takes place during weekends, holidays, and other school breaks, and the summer period when a student may not be attending classes or other school functions. In the
absence of student self-discipline, there are times when it is necessary for school officials to make a decision concerning the acceptability of a student’s behavior when it interferes with school purposes or educational functions. Each administrator, teacher, or any other school personnel is responsible for enforcing the rules for student conduct adopted by the individual school and the Board of School Trustees. Where a conflict in policy exists, School Board regulations or State/Federal statute supersedes this handbook. These decisions will be based on the welfare of the total school community and the behavior’s effect of the learning environment. While some infractions will receive the maximum allowable punishment, other disciplinary consequences may be altered, based on the discretion of the principal.

**ACADEMIC INTEGRITY**

Cheating is defined as seeking to obtain (or aiding another to obtain) credit or improved scores through the use of any unauthorized or deceptive means. Unauthorized and deceptive means of any kind with respect to examinations/assessments, course assignments, alteration of records, illegal possession of examinations (electronic or hard copy, photographs), and/or unauthorized use of and/or access to web-based resources shall be considered cheating. It is the responsibility of each student not only to abstain from cheating but to avoid the appearance of cheating and to guard against making it possible for others to cheat. The student should also maintain respect for honesty in the performance of assigned tasks in and out of the classroom and comply with all teacher specified guidelines for academic integrity. Plagiarizing (i.e. submission of term paper, reports, etc. that are not original works by the student) is a form of academic dishonesty and subject to disciplinary action.

Students who violate the academic integrity policy as a first offense will have their parent contacted by their teacher and the teacher will allow a student to complete a replacement assignment/assessment for credit with up to 50% reduction; students may be required to complete an academic dishonesty assignment in order to receive credit and may be subject to suspension or other disciplinary consequences to address the behavior. A second offense will result in loss of credit for the assignment/assessment. Should a second offense occur, it may result in failure for the grading period, removal from the course, and/or disciplinary action. **Cheating is a cumulative offense not contained within a single semester.**

**ANTI-HARASSMENT**

It is the policy of Crown Point Community School Corporation to maintain a learning environment that is free from unlawful harassment. Such conduct includes unwelcome physical, verbal, or nonverbal conduct which has the purpose or effect of interfering with your educational performance; of creating an intimidating, hostile or offensive learning environment; or of interfering with your ability to participate in or benefit from a class or educational activity, and is based on your sex, race, or color (or customs), national origin (for example, negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs), religion (for instance, negative comments about religious traditions, clothing, surnames, or ethnic slurs), disability (for instance, negative comments about speech pattern, movement, physical impairments or appearances) or any other unlawful basis. This applies to all programs and activities occurring on school property or at another location if the conduct occurs during a school-sponsored activity.

If you believe you have experienced harassing conduct of this nature or you have observed another student experience such conduct, you are encouraged to promptly report incidents of harassing conduct to your principal or to any teacher, guidance counselor, dean, assistant principal, activity sponsor, or coach with whom you are comfortable. Making such a report in good faith will not affect your grades, class assignments, or status and will be investigated in a confidential manner, consistent with the School Corporation’s legal obligations.

A student committing such conduct is subject to disciplinary action consistent with school policy. A student retaliating against a student who has made a good faith report of such conduct or against a student who participated in the investigation of such conduct is subject to disciplinary action consistent with school policy. A student who knowingly makes a false report of such conduct in an attempt to demean, harass, or embarrass that individual shall be subject to disciplinary action consistent with school policy.

**BULLYING**

1. Bullying committed by students toward other students is strictly prohibited. Engaging in bullying conduct described in this rule by use of data or computer software that is accessed through any computer, any computer system, any computer network; or cellular telephone or other wireless or cellular communications device is also prohibited.

2. For purposes of this rule, bullying is defined as overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any matter including electronically or digitally, physical acts committed, aggression, or any similar behaviors that are committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student and create for the targeted student an objectively hostile school environment that:
   - places the targeted student in reasonable fear of harm to the targeted student’s person or property;
   - has a substantially detrimental effect of the targeted student’s physical or mental health;

- has the effect of substantially interfering with the targeted student’s academic performance; or
- has the effect of substantially interfering with the targeted student’s ability to participate in or benefit from the services, activities, and privileges provided by the school.

3. This rule may be applied regardless of the physical location of the bullying behavior when a student committing bullying behavior and the targeted students attend a school within the school corporation and disciplinary action is reasonably necessary to avoid substantial interference with school discipline or prevent any unreasonable threat to the rights of other students to a safe and peaceful learning environment.

4. Any student or parent who has knowledge of conduct in violation of this rule or any student who feels he/she has been bullied in violation of this rule should immediately report the conduct to a school administrator who has responsibility for all investigations of student misconduct including bullying. A student or parent may also report the conduct to a teacher or counselor who will be responsible for notifying the school administrator. This report may be made anonymously.

5. A school administrator shall investigate all reports of bullying made pursuant to the provisions of this rule. Such investigation must include any action or appropriate responses that may be taken immediately to address the bullying conduct wherever it takes place. The parents of the bully and the targeted student(s) shall be notified of the progress and the findings of the investigation and of any remedial action that has been taken.

6. The school administrator will be responsible for working with the school counselors and other community resources to provide follow-up services to support the targeted student and to educate the student engaging in the bullying behavior on the effects of bullying and the prevention of bullying. In addition, the school administrator and/or school counselors will be responsible for determining if the bullying behavior is a violation of law required to be reported to law enforcement under Indiana law based upon their reasonable belief. Such determination should be made as soon as possible and once this determination is made, the report should be made immediately to law enforcement.

7. False reporting of bullying conduct as defined in this rule by a student shall be considered a violation of this rule and will result in any appropriate disciplinary action or sanctions if the investigation of the report finds it to be false.

8. A violation of this rule prohibiting bullying may result in any appropriate disciplinary action or sanction, including suspension and/or expulsion.

9. Counseling, corrective discipline, and/or referral to law enforcement will be used to change the behavior of the perpetrator. This includes appropriate intervention(s), restoration of a positive climate, and support for victims and others impacted by the bullying.

10. Educational outreach and training will be provided to school support personnel, parents, and student concerning the identification, prevention, and intervention in bullying.

11. All schools in the corporation are encouraged to engage students, staff, and parents in meaningful discussions about the negative aspects of bullying. The parent involvement may be through parent organizations already in place in each school.

12. The superintendent or designee will be responsible for developing detailed administrative procedures consistent with the Indiana Department of Education guidelines for the implementation of the provisions of this rule.

I.C. 20-33-8-13.5

**BUS CONDUCT**

Bus conduct and safety rules are designed to promote safety on the school bus, at the bus stop, and while entering or leaving the bus. All school conduct rules apply during these times. Because the safety of each student is top priority, all individuals are expected to cooperate fully by obeying bus rules and regulations.

The authority of the bus driver will be recognized and respected. For everyone’s safety, the bus driver must be heard, be able to hear oncoming traffic sounds, and be obeyed by students.

School bus transportation is a privilege. School discipline, including the denial of bus transportation, suspension and expulsion, will be imposed on those who violate safety guidelines or directions of drivers. Buses are equipped with video cameras, and videos may be viewed by transportation personnel and administration to ensure the safety of all students. In the event transportation privileges are denied, parents or guardians will assume the responsibility of transporting their children to and from school.
CLOSED CAMPUS
A. The CPHS campus is closed, which means that, unless excused as noted under Section C below, all students are to remain on school grounds from their scheduled arrival time until the time of scheduled departure. Those students who violate the closed campus policy may be disciplined.
B. During lunch hours students are restricted to the cafeteria.
C. Students may leave the campus during the day (with a Passport) for medical appointments or other legitimate reasons by presenting written permission from a parent or guardian to the appropriate office.
D. Students who leave school grounds without permission between scheduled arrival and departure times may be disciplined for violation of other school rules while off campus, such as possessing, providing, or being under the influence of illegal substances.
E. Students are not allowed to order or have food delivered from an outside venue. All outside deliveries of food will be denied unless specific approval has been given by administration.

DISPLAY OF PHYSICAL AFFECTION
Intense romantic gestures, such as kissing or any other physical display of affection are unacceptable and may result in a disciplinary action. Engaging in sexual behavior on school property or at any function related to Crown Point High School will result in suspension and a possible recommendation for expulsion.

DISRESPECT TOWARD STAFF MEMBERS
All students are to show respect to and comply with the directives of teachers, administrators, and staff members (substitute teachers, bus drivers, secretaries, custodians, cafeteria personnel, para-professionals, volunteers, etc.) at all times. Profanity, threatening remarks, posturing, and obscene or offensive language or gestures by students directed toward a staff member are not allowed and will result in disciplinary action.

DISRUPTIVE BEHAVIOR
Acting in any manner so as to interfere with any teacher’s ability to conduct the educational function under his/her supervision will not be accepted. Consequences may range from suspension to recommendation for expulsion.

DRESS CODE
While the school climate at Crown Point High School encourages individual creativity and student empowerment, the school also recognizes the need to guide students toward appropriate attire for different settings, e.g. school, work, etc. Students’ dress and grooming must not disrupt the educational process, interfere with the maintenance of a positive teaching/learning climate, or compromise reasonable standards of health, safety, and decency.

- The maintenance of common decency and classroom order requires adequate coverage of the person. Any clothing, which reveals undergarments, the lack of undergarments, and/or excessive skin will be considered inappropriate.
- Garments which reveal bare midriffs, backs, or excessive amounts of skin are not allowed.
- Hats and bandanas must be removed upon entering the building and may not be worn during the school day unless required by a teacher for safety purposes in a classroom.
  - Other head coverings must be approved by administration.

This basic dress code does not infringe on students’ rights of freedom of expression, but rather encourages students to “dress for success” and come to school properly prepared to participate in the educational process. Refer to the CPHS Discipline chart for consequences for violations of the dress code policy.

In accordance with Board Policy governing student conduct with regard to bullying, weapons, gangs, drugs, and alcohol: clothing shall be free of inflammatory, suggestive, racial, or other inappropriate writing, advertising, or artwork.

The administration reserves the right to use its discretion in determining the type of clothing appropriate for the school setting. Wearing inappropriate apparel will result in the student’s removal from class until the problem is corrected and/or possible further disciplinary action.

DRUGS AND ALCOHOL
The use, consumption, possession, or selling of illegal drugs, look alike drugs, prescription, nonprescription drugs or substances, marijuana, narcotics, controlled substances, any capsule or pill, non-alcoholic beer, alcoholic beverage, inhalant,
or intoxicant of any kind, as well as drug apparatus or paraphernalia is prohibited. Using (including, but not limited to use through a vaping device), consuming, possessing, transmitting, or being under the influence of any of the items listed above by any student while on school property or an any function connected with Crown Point High School will result in suspension, recommendation for expulsion, and possible notification of law enforcement. Selling any of the items listed above will result in recommendation for expulsion for a minimum of the current semester and the subsequent semester and notification of law enforcement. Any student who arranges to sell or buy drugs at school (even though the actual transaction occurs off school grounds) will be subject to suspension and a recommendation for expulsion.

Exception: A student with a chronic disease or medical condition may possess and self-administer prescribed medication for the disease/condition only if the student’s parent or guardian has filed a written authorization with the building principal or his designee stating that the student is authorized to possess and self-administer the prescribed medication. The written authorization must be filed annually and must include a statement prepared and signed by a licensed physician stating:

Any and all electronic devices, including but not limited to cell phones, smart phones, blackberries, iPads, tablets, laptops or any other type of mobile electronic device, have a reduced expectation of privacy once they enter any school zone and may be subject to confiscation and/or search should a violation be suspected.

Smart phones, tablets, cell/camera phones, laser pointers, headphones, and/or any other form of communication or electronic devices may not be used in the classroom without teacher permission. In the classroom, use of other electronic devices is left to teacher discretion.

Using a PCD to capture, record and/or transmit audio and/or pictures or video of an individual without proper consent is considered an invasion of privacy and is not permitted. Students who violate this provision and/or use a PCD to violate the privacy rights of another person may have their PCD confiscated and held until the end of the school day, a parent/guardian picks it up, and may be directed to delete the audio and/or picture or video file while the parent/guardian is present. If the violation involves potentially illegal activity, the confiscated PCD may be turned over to law enforcement.

Per Crown Point School Corporation Policy 5136, students are prohibited from using a Personal Communication Device to capture, record and/or transmit test information or any other information in a matter constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using PCD’s to receive such information.

Possession of a personal communication device by a student during school hours and/or extracurricular activities is a privilege and may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuse this privilege. **STUDENT SUSPENSION, REMOVAL AND EXPULSION POLICY**

**(SCHOOL BOARD POLICY 5610)**

Recognizing that the behavior of some students may be so disruptive that it interferes with school purposes or educational functions, school officials may find it necessary to remove a student from the school. In this event and in accordance with provisions of Indiana Code 20-8.1-5.1, the Board of School Trustees authorizes administrators and staff to use the following guidelines:

1. Removal from Class or Activity – In accordance with Indiana Code 20-33-8-9, the high school teacher will have the right to remove a student from his/her class activity for a period of up to one (1) school day if the student is assigned regular or ALTERNATIVE school work to be completed in another school setting.
2. In accordance with Indiana Code 20-33-8-7, a student may be suspended for ten (10) school days, or as extended if expulsion has been recommended.
3. In accordance with Indiana Code 20-33-8-3 and due process procedures defined by school board policy, a student may be expelled from school for a period in excess of ten (10) school days up to one calendar year and to the beginning of the next semester, depending upon the conduct, as determined by the expulsion examiner.

**SUSPENSION PROCEDURE**

When a principal or his/her designee determines that a student should be suspended, the following procedures will be followed:

**EXPULSION PROCEDURE**

When a principal or his/her designee recommends to the superintendent (or designee) that a student be expelled from school, the following procedures will be followed:

1. The superintendent (or designee) may conduct an expulsion meeting or may appoint an expulsion examiner to conduct an expulsion meeting.
2. An expulsion will not take place until the student and the student’s parent/guardian are given written notice of their right to appear at an expulsion meeting. Failure to request and/or to appear at this meeting will be deemed a waiver of rights administratively to contest the expulsion.
3. If an expulsion meeting is timely requested, the principal (or designee) will present evidence to support the charges against the student. The student/parent will have the opportunity to answer the charges against the student and to present evidence to support the student’s position. An attorney may not represent the student at the expulsion meeting, but the attorney may be available for consultation outside the meeting room during the course of the expulsion meeting.
4. If an expulsion meeting is held, the expulsion examiner will make a written summary of the evidence heard at the meeting, take any action found to be appropriate, and give notice of the action taken to the student/parent.
5. The student/parent has no right to appeal an expulsion decision to the school board as the school board has voted not to hear student expulsion appeals.
6. A student expelled for more than the current semester will be provided with a review prior to the start of the subsequent semester.

III. Student Services

STATEMENT OF BELIEF
Secondary school counselors are integral to the total education program, working closely with parents and teachers in a proactive manner that engages all stakeholders in the delivery of programs and services to help students achieve success in school. As professionals, counselors align and work with the school’s mission to support the academic achievement of all students as they prepare for the ever-changing world of the 21st century.

CORE SEQUENCING
Students are assigned classes in the five academic core areas (English, World Language, Math, Science, and Social Studies) based on their ability level until completion of their Diploma track. It is the belief of Crown Point High School that all students should be challenged academically while in attendance at CPHS to help promote lifelong learning as well as provide the needed curriculum and instruction to best prepare all students for future successes. Students can receive further information from their counselor.

DIRECTORY INFORMATION
Except as provided below, the school corporation may release without parental consent certain “student information” including the student’s name, address, telephone number, photograph, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, dates of graduation, awards received, listing on an honor roll, receipt of scholarship, and similar information as set for in Board Policy 8330, as amended from time to time, to newspapers, magazines, radio and television, colleges, civic organizations or similar groups, or publish such information in its own publications, programs, or yearbooks. Student information may be displayed on the school website, video production, or by any other means. Such disclosures will be made unless, in response to the School Corporation’s annual notification, the parent in a timely manner notifies the school corporation in writing that he/she does not want directory information disclosed without his/her expressed prior written consent. The parental notification must be received each year that the parent does not want the directory information disclosed. In addition, in accordance with Federal and State law, student names, addresses, and telephone listings will be released to recruiting officers for the United States Armed Forces, or an institution of higher education upon request unless, in the case of requests by a branch of the Armed forces, the parent or student has notified the School Corporation in writing that the student or the parent does not want the student’s name released.

COURSEWORK POLICY

Philosophy
CPHS Policies to Assess Learning are designed to promote learning in a personalized environment. Students are encouraged to take ownership of their learning and will be asked to demonstrate proficiency of essential skills in each individual course.

Informing Learning Proficiency
Learning in the personalized environment is informed when accomplished independently…
- By assessments administered to students when instruction and learning pauses
  - Examples include a test, quiz, writing task, projects, or interview;
- While learning occurs during instruction when the teacher intentionally
  - observes a student performing or demonstrating skill or knowledge
  - listens to or reads a student explanation of a skill, a process, or thinking
  - interacts with a student while in whole group, small group, or one-to-one settings;
- By performance tasks when a student is using knowledge, skills, and processes in application, synthesis, evaluation or creation when instruction pauses or is occurring; and/or
  - when the student determines a means of explaining, demonstrating, or proving their learning
- To inform individual learning in a cooperative work product, the teacher creates a means for each student in the group to explain, demonstrate, or prove learning.
- Student work designed for practice, preparation or review, done independently, and demonstrating proficiency, the score can be counted.
  - When there is evidence the student is not demonstrating proficiency on an assignment designed for practice, preparation, or review it is discouraged to count the score
Deadlines/Late Assignments

- Students have a responsibility to submit assignments by established deadlines. Assignments inform the teacher of student learning and design of instruction.
  - 1-day late = 10% penalty
  - 2-5 days late = 20% penalty
  - 6+ days late = 50% penalty

- Extenuating circumstances may occur that may warrant an extended due date (family emergencies, hospitalization, etc.). Requests for extensions should be submitted to the teacher via voicemail or email prior to the due date.

Absent Work

When missing school, students should check for assignments/information in BUZZ and/or request assignments from teachers. All class work should be completed within the number of school days equal to the class period absences. Extended illnesses will be handled on an individual basis. Some classroom assignments and activities such as group discussions and labs may not be replicated and a natural loss of learning will occur due to absence(s).

Students/parents may contact teacher(s) via email at www.cps.k12.in.us by selecting “Crown Point High School” and choosing the tab “Our School.” Under the school tab, select “Faculty & Staff Directory.” When requesting homework, please give teachers a 24-hour notice to gather assignments. Assignments that cannot be emailed will be dropped off in the Guidance Office by the teacher and should be picked up in the Guidance Office. It is the responsibility of the person picking up homework to also pick up any books or materials needed from the locker. Please do not give locker combinations to other students.

JANUARY GRADUATION

Students wishing to graduate in January of their senior year or June of their junior year must have COMPLETED all classes for the Core 40 diploma. The Early Graduation Application must be submitted by the 5th day of the school year to the assigned guidance counselor for the student. Students are required to meet with their guidance counselor in the spring of their junior year.

PARENT/STUDENT RIGHTS IN IDENTIFICATION, EVALUATION AND SPECIAL EDUCATION PLACEMENT

In compliance with the procedural requirements of Section 504 of the Rehabilitation Act of 1973 and Public Law 94-142, the school is compelled to keep parents/guardians fully informed of the law and the rights afforded under this provision. Complete information regarding these provisions as well as procedures outlining identification, evaluation, and placement can be obtained from CPHS administration and/or guidance.

SCHEDULING PROCESS – DROPPING & ADDING A COURSE

Designing your schedule is a serious decision. The high school budget is prepared, staff is hired and the master schedule is developed based on the student’s course requests. Crown Point High School students are encouraged to invest quality time in planning their schedules.

Such planning should consist of consultations with parents, school personnel, college personnel, and anyone who might provide insight to help students make wise decisions. The Crown Point High School philosophy is to prepare students for their futures by teaching them to make good decisions and accept the consequences for not doing so.

- After May 1st changes in a student’s schedule will be made for either semester for the following reasons only:
  - Errors made by the school in developing the schedule.
  - The school’s need to balance class sizes.
  - Medical reasons with documentation.
  - To correct inappropriate placement – a student has failed a class and needs to repeat the course or when a student is placed at an inappropriate level.
  - To increase the academic content of the schedule – changes may be considered to change to a more academically challenging course – subject to availability.
  - Scheduling conflicts – lack of enrollment to offer a course or too large of a course enrollment.
  - Crown Point High School DOES NOT accept requests for teacher changes.
  - Withdrawing from a class after the 9th week of the semester will result in a WF.

OCCASIONALLY, INDIVIDUAL SITUATIONS ARISE THAT WILL BE REVIEWED BY THE SCHOOL COUNSELOR TO DETERMINE WHETHER OR NOT A SCHEDULE CHANGE IS NEEDED. THESE SITUATIONS WILL BE CONSIDERED BY
THE STUDENT’S TEACHER, PARENTS OR GUARDIANS AND COUNSELORS AND A RECOMMENDATION WILL BE MADE TO THE STUDENT’S ASSISTANT PRINCIPAL OR DEAN WHO WILL MAKE THE FINAL DECISION. FORMS ARE AVAILABLE ONLINE.

STUDENT RECORDS
The Family Educational Rights and Privacy Act (FERPA) afford parents and students over eighteen (18) years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

(1) The right to inspect and review the student’s education records within 45 days of the day the school receives a request for access.

(2) The right to request the amendment of the student’s education records that the parent or eligible student believes is inaccurate.

Parents or eligible students may ask the School to amend a record that they believe is inaccurate. They should write the school principal (or appropriate school official), clearly identifying the part of the record they want changed, and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failure by the School District to comply with the requirements of FERPA. The name and address of the office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

TRANSCRIPTS – NAVIANCE
Crown Point High School has joined forces with Naviance to provide a safe, paperless way to send transcripts directly to colleges and universities you choose. Students should log into their Naviance account via their RDS student account to make transcript requests. The transcript administrator in the office will upload your transcripts after they have been checked and approved to those colleges which you have indicated. Transcript requests for scholarship purposes and letter of recommendation requests may be made via Naviance, as well. Students can verify when their transcripts have been sent online by logging into their individual accounts.

If you are a current student who does not have access to the internet, or needs a transcript for other purposes, you may contact the guidance office directly and a paper copy will be sent or given to you. However, if a transcript is mailed, it is the student’s responsibility to provide a stamped addressed envelope.

WORK PERMITS
Indiana Code 20-33-3-1 et seq.

Students under eighteen (18) must have a work permit for most jobs. Work permits are available in the Main Office.

1. A student applying for a work permit must show a birth certificate and intent to employ form before the permit will be issued by the high school.

2. An issuing officer may deny a certificate to a student whose attendance is not in good standing or whose academic performance does not meet the corporation’s standard.
3. A student may appeal the refusal to issue a certificate to the school Principal.
4. A work permit may be revoked by the issuing office if, after issuance of the permit, there is a significant decrease in the student’s grade point average or attendance. The student may appeal the revocation to the school Principal and the issuing officer will conduct periodic reviews of the student’s attendance and grade point average for consideration of reissuance.

IV. Academics

COLLEGE APPLICATIONS AND TRANSCRIPTS/E-TRANSCRIPTS

Crown Point High School has partnered with Naviance to provide a safe, paperless way to send transcripts directly to colleges and universities you choose. Students should log into their Naviance account via their RDS student account to make transcript requests. The transcript administrator in the office will upload your transcripts after they have been checked and approved to those colleges which you have indicated. Transcript requests for scholarship purposes should be made in person in the Guidance Office or via e-mail to the secretary. Letter of recommendation requests should be made in person directly to the teacher/faculty member from whom you are requesting a letter. If you are a current student who needs a transcript for other purposes, you may contact the office directly to place your request. Step-by-step instructions for utilizing Naviance to request transcripts are on the CPHS website.

Students can verify when their transcripts have been sent online by logging into their individual Naviance accounts and looking at the “office status” column. Students must allow 10 school days for processing transcripts and counselor recommendations. Students must request teacher recommendations directly from their teacher, which their teacher will then upload into Naviance. Requests for transcripts to be sent to colleges having a November 1 deadline must be placed in Naviance at least ten (10) days before Fall Break and for those with a January deadline, at least ten (10) days before winter break.

COMMENCEMENT PARTICIPATION

Participation in commencement exercises is a privilege that seniors earn by completing necessary academic requirements. Students who have earned a minimum of 40 credits and are in good standing may participate in commencement ceremonies. Students with unusual circumstances and/or less than the required number of credits must seek permission from the Principal. Students may only participate in one commencement ceremony during their high school career.

DUAL CREDIT

Classes in Business, English, Industrial Technology, Family and Consumer Science, Science, Math, Social Studies, and World Languages are offered as an option for CPHS students to take courses that satisfy requirements for earning both a high school diploma and college credits. Students who earn dual credits in these courses will have a separate Indiana University, University of Southern Indiana, Vincennes and/or Ivy Tech Community College transcript showing the course name, grade earned and credit hours established. If enrolling in another college or university, students may present their college transcript for evaluation and possible transfer credit. It is the responsibility of the student and his/her family to check with the college or university to be sure the credits will be accepted.

ENROLLMENT IN SECONDARY COURSES

OFF-SITE/ONLINE CLASSES

Students who are attending Crown Point High School and wish to expand their education by taking additional secondary classes must adhere to the following:
1. Discuss and review classes with counselor.
2. Secure approval from counselor prior to registering for courses.
3. School must be accredited by State of Indiana and/or NCA.
4. Upon completion of the course a transcript is to be sent to Crown Point High School. All Grades received will be counted in student’s G.P.A.

GRADUATION REQUIREMENTS

Students must complete seven full semesters with a Core 40 Diploma to qualify as a graduate. Forty credits are required to earn a Core 40 Diploma and 47 credits must be earned to obtain an Academic Honors or Technical Honors Diploma.
Students are also required to complete 40 hours of community service as part of the graduation requirement. Students are encouraged to earn 10 hours of service each year that they are in high school. Community service hours will be adjusted for those who enter Crown Point High School after their freshman year. The State of Indiana recognizes three different types of diplomas for graduation certificate. It is possible for several scenarios to occur with regard to these classes. The following guidance is provided in an effort to help student make appropriate academic decisions.

ADDITIONAL GRADUATION INFORMATION
Credit may be earned beyond the minimum of credits required for graduation. The State of Indiana defines a credit as time spent with a certified teacher. Students wishing to graduate early must have a Core 40 Diploma and report their intentions to their counselor for approval by the 5th day of the school year of their senior year. When a student fails a required course, the failed class should be repeated as soon as possible. College entrance requirements and the requirements for NCAA/NAIA academic eligibility often exceed the minimum requirements established for graduation. Therefore, each student is responsible for learning as early as possible the requirements for admission and/or athletic academic eligibility necessary to achieve post-secondary goals. Pre-planning is critical as admission to these programs varies at each institution and is often based on academic performance, college entrance examination scores, and the rigor of coursework pursued in high school.

GRADE REPLACEMENT
The intent of grade replacement is to allow the student to take a class over in order to demonstrate a higher proficiency. The grade for the course retaken will show on the transcript detail screen as a new course with the year and semester it was taken and the original course will have the grade replaced with an N and will be an audit. This means the original grade will not count toward the grade point average, there is no negative impact. The original course title will remain because it denotes the student taking the original course during the school year. By taking a course over a student has developed a better understanding of subject matter and is ready to progress to the next level.

HONOR ROLL
The Honor Roll has two classifications: (1) High Honors ...GPA 4.0 and higher (2) Honors ...GPA 3.0 to 3.99

9 Week Grading Intervals: October 25, 2019; January 10, 2020; March 13, 2020; and May 29, 2020

INCOMPLETE GRADES
Students who have had an extended illness may receive an incomplete for a grading period or semester. Incomplete grades are given for other reasons such as projects not finished or reports not turned in. All work must be completed within ten (10) school days following the end of the grading period or semester. Incomplete grades not converted to passing grades within the allotted time will automatically be changed to an F.

**NATIONAL HONOR SOCIETY**
National Honor Society evaluates on four (4) criteria: scholarship, leadership, service and character. Sophomore and Junior students with a 3.60 GPA or higher are sent a letter home explaining eligibility. Students will be given an activity form to fill out highlighting their activities and leadership positions. Faculty and staff are sent out forms in which they evaluate eligible members on their character. The student and faculty forms are both collected and given to the Faculty Council. This council consists of five (5) volunteer faculty members approved by the principal. The Faculty Council then uses the forms to evaluate each eligible member on their scholarship, leadership, service and character. A majority vote among them determines acceptance or rejection. Sophomores not accepted into NHS are eligible to go through the process again as Juniors, provided their GPA is still 3.60 or higher. Upon acceptance into NHS students are expected to maintain their GPA, attend monthly meetings, and be involved with the service projects. Failure to do this will result in participation consequences and could ultimately lead to the student’s removal from NHS. Students interested in becoming members of NHS should seek community service opportunities outside of school and leadership roles within their extracurricular activities. All students must have a minimum of five community service hours per semester enrolled at CPHS. The selection process is subject to change at any time. If this occurs, students will be notified at an informational meeting.

**POST SECONDARY ENROLLMENT/DUAL CREDIT**
Crown Point High School will permit students to enroll in college courses that grant credit toward both high school and/or college attendance. Said enrollment may be either full or part-time. This program is in accordance with the provisions of Indiana law and the rules of the State Board of Education.

**STUDENT QUALIFICATIONS**
1. Notify the principal in writing prior to each semester.
2. College courses approved for high school credit must be courses not currently offered at Crown Point High School.
3. Schedule an appointment with his/her counselor to discuss:
   a. Eligibility
   b. Course selection [attempt to coincide with 511 IAC 6-2-(d)]
c. Credit to be earned
d. Consequence of failure
e. Student schedule – *must attend at least four periods at CPHS*
f. Student financial obligation
g. Responsibility of student, parents, and school

4. One high school credit will be granted for each three credit hours earned in dual credit circumstances.
5. Signature of counselor or designee.

**REPORT CARDS**
Report cards are available online through RDS Parent Access.

**GRADES**
Credit is awarded at the end of each semester for demonstration of essential skills proficiency in a course.

Grades convey an evaluation by the teacher of the student’s progress in school. *AP classes have one additional point and honors classes a half-point for weighted grades.*

- Grades are rounded to the hundredth decimal.
- Example – 89.494 rounds to 89.49 and 89.495 rounds to 89.50.

**Semester Grades**
- 80% of the semester grade is determined by school work as it is accumulated throughout the semester.
  - Teachers may choose to implement course weights within this section of the course to ensure that essential proficiencies are given appropriate attention.
  - Stakeholders should work to ensure clarity on course weights prior to due dates.
- 20% of the semester grade is determined by student performance on a final exhibition of course essential skills (summative assessment/final exam) at the end of the semester.
- Advanced Placement and dual credit courses may have to make adjustments to serve the institution granting credit.

**TRANSFER CREDITS**
Crown Point High School reserves the right to accept, reject, or limit transfer credits. Decisions regarding the consideration of transfer credits are based on the following criteria:
1. Accreditation of the school or program.
2. Comparable curriculum.
3. Minimum state requirements regarding minutes spent with properly certified instructors.

**V. General Information**

**CREDIT ACCELERATION PROGRAM (CAP)**
Students who are assigned to CAP (Alternative School) at the Learning Center are subject to all rules and policies included in this handbook as well as the CAP policies/rules.
ANNOUNCEMENTS
Announcements are only made about issues pertaining to school. All announcements must have the signature of a sponsoring teacher or coach before being communicated over the public address system or displayed on the video announcements throughout the building. In an attempt to preserve academic classroom minutes and prevent unnecessary interruptions, most announcements will be communicated via the video announcements. Bulletin boards throughout the building are available for announcements. The posting of announcements on the board must be approved by an administrator. The organization responsible for placement shall remove items immediately after the date of the event.

BOOK RENTAL and CLASS FEES
At the beginning of each school year, students are assessed book rental fees, which are a percentage of the cost of the books used. Book rental and class fees are to be paid on the school year basis, semester basis, or by arrangements with the principal, and are paid in the Main Office. Payments made directly to the office should be by check or cash. Credit card payments are taken online at www.cps.k12.in.us using the RDS Parent Access account. At the end of the course, the issuing teacher collects books. If a book has had excessive wear or damage, the student is charged an additional fee. If a student has lost or ruined a book, no other books will be issued until the lost or damaged book is paid for or arrangements are made for payment with the principal or his designee. It is the responsibility of the student to return the rental books to his/her class at the end of the semester and/or school year.

CAFETERIA
Students may eat lunch prepared by the cafeteria or bring their lunches from home. Extra items, including milk, may be purchased in addition to the regular menu. Those eligible will receive a reduced lunch price. Forms for a reduced-price lunch may be picked up in the Main Office. Prices are subject to change. Breakfast and other items are served in the cafeteria from 7:10 a.m. to 7:30 a.m. The cost of these items varies. Forms for a reduced-price breakfast may also be picked up in the Main Office.

Students are expected to keep their tables and the cafeteria clean by using waste cans provided and by returning their trays to be recycled. Trays, dishes, and utensils are not to be removed from the cafeteria and students must remain in the cafeteria during the duration of their lunch period.

CPCSC RULES FOR COMPUTER USE
These violations are subject to severe school penalty including restitution, suspension, and/or expulsion. Students may lose computer privileges or be removed from a class. These violations may be considered a crime under State and Federal law.

1. Students will not use the computer for illegal activities.
   - Students will not tamper with, harm or destroy computer hardware. Students will not access or send obscene, profane, violent, or pornographic materials. Students will not abuse or harass another user through electronic means.
2. Students will not access any unauthorized area of the computer network.
3. Students will not alter any system software or another’s personal work, either locally or remotely.
4. Students will not download, copy, or install hardware.
5. Students will not download, copy, or install software.
6. Students will not download, copy or install illegal software.
7. Students will not tamper with, degrade, disrupt, or destroy computer data and information at any computer terminal.

Penalty Level 2: The athlete/group member will not be allowed to continue to participate in inter-school competition until he/she has served a suspension of 25% of the regular season contests of the varsity season of his/her sport or group’s season, regardless of the level at which the athlete or group member participates.

B. The athlete/group member must complete the season with the athletic team/student group under which he/she is serving suspension. If the athlete/group member quits the team before the season is completed, the entire suspension will be served on the next team on which he/she plays/participates.
C. At the head coach’s/sponsor’s discretion, the athlete/group member may be allowed to practice with the team and accompany the team to contests during a Level 2 suspension.
D. By self-reporting this will still count as a Level 2 Penalty and, if there is a repeat offense, the athlete/group member will receive a Level 3 Penalty which is suspension from athletics/school group for one (1) calendar year. Agencies and counseling resources are attainable from the high school guidance counselors. Any counseling services will be at the expense of the parent or guardian.

CROWN POINT COMMUNITY SCHOOLS
Drug Testing Program

STUDENT DRUG TESTING PROGRAM
Crown Point Community School Corporation is committed to providing a safe and orderly learning environment. A concerted effort has been taken to secure the facilities and manage the behavior of the student population. In an effort to address this growing concern, a program of deterrence will be instituted as a proactive approach to the maintenance of a drug-free school.
Because substance abuse poses such an immediate threat to the safety of student drivers, students involved in extracurricular activities, and students involved in athletics, a program of deterrence will be instituted as a proactive approach to maintaining a drug-free school environment.

*CPCSC reserves the right to add or remove groups on a year-to-year basis as new student groups form.

**SCOPE**

This policy applies to all Crown Point Community Corporation students in grades 9-12 who are issued student parking permits and/or who participate in school sponsored extracurricular activities and/or athletics. These programs are privileges afforded our students.

**CONSENT**

It is mandatory that the parent/guardian of each student in grades 9-12 sign the online consent prior to the student being issued a parking permit or allowed to participate in extracurricular activities or athletics. Failure to comply will result in non-participation. For first-year CPHS students and students who were not in the testing pool last year (2018-2019), parents will be asked to consent or decline to random drug testing as part of the registration process. Students who were enrolled in the CPHS Random Drug Testing (RDT) program in 2018-19 will remain in the testing pool for the remainder of their high school careers (graduation) unless a request is made to have them removed. Once that consent/decline is given, it cannot be changed unless contact is made with Assistant Principal Russ Marcinek. If a request is not made to remove the student, that student will remain in the pool until they graduate. The parent/guardian is consenting for the student to participate in the drug-testing program at Crown Point Community School Corporation for the remainder of their high school career. If a parent/guardian has not submitted a consent form at the beginning of a school year they may submit the online form prior to the student electing to complete or perform athletics or an extracurricular activity. Students who apply for a parking permit after the school year has begun must have their parent/guardian complete the online form prior to being issued a parking permit. Parents who wish to remove their student from the pool must contact Assistant Principal Russ Marcinek. **Removal from the testing pool will exclude that student from driving to school as well as participating in extra-curricular activities and athletics for one calendar year.**

**BANNED SUBSTANCES**

For the purpose of this policy, the following substances or their metabolites that can be tested for are considered illicit or banned for Crown Point Community School Corporation students:

- Alcohol
- Barbiturates
- LSD
- Methaqualone
- Amphetamines
- Benzodiazepines

1. Crown Point High School 2.0 – Next Generation Learning

Fully-online courses at CPHS are part of the larger corporation-wide effort to offer increased personalization, flexibility and challenges to students. The CP 2.0 guiding principles are designed to

- Prepare all students for college, careers, and life-long learning in ways that support the Crown Point Community School Corporation Mission.
- Respond to the needs of all students through personalized learning opportunities.
- Expand course offerings to include more options for students.
- Use technology to enhance critical thinking, problem solving, communication, collaboration, creativity and innovation.
- Promote students’ responsibility for their own learning (choices).
- Address student challenges, including skill deficiencies, retention, enrichment, and opportunities for accelerated students.
- Generate data that serves all stakeholder groups – teachers, students, parents, administrators and community.
- Create flexible scheduling opportunities for students and teachers by removing traditional barriers.

2. Description of CP 2.0 Fully-online courses

IMPORTANT NOTE: CPHS 2.0 fully-online courses are designed as cohort-based learning experiences where the depth of content, rigor, and assessments match traditional CPHS classrooms. These courses offer students increased control over their learning, but are NOT offered as self-paced courses. Weekly engagement, assignment, and assessment deadlines apply, just as they do in a traditional classroom.

- CPHS 2.0 fully-online courses are web-based and accessible from anywhere there is Internet access.
- All course content is provided online through a learning management system (Buzz). All students will access this system by clicking on the Buzz icon in their RDS Student Access account. The majority of instruction and assignments will be submitted electronically.
- Final exams and other key assessments will occur in a proctored environment at CPHS.
- Each course has a CPHS highly qualified teacher that works directly with students and evaluates course assignments and assessments.
- Teachers are available to respond to student questions through email, discussion boards, phone calls, and occasional web conferencing. Students should expect a response from the teacher within 24 hours on weekdays.
- Students do not meet on a regular basis with their teacher, but they can request assistance during Zero Period or other scheduled meetings.
- To engage in a fully-online course, students need to have a computer with Internet access.
- To prepare students to be successful online-learners, each student must complete an online orientation course and in-person orientation sessions. Failure to complete these requirements will prevent enrollment in the online course.

3. Is Online Learning Right for Me?

Online learning is an additional opportunity for students to pursue their educations. However, even if a student is comfortable with texting, chat rooms, social networking, and building relationships online, using Internet tools for rigorous academic work comes with new challenges for many students.

Students should examine the following statements when determining if a fully-online course is appropriate for their style of learning. Students with these skills and characteristics have a better chance for success in a fully-online course.

- I will share my thoughts and experiences in an online environment as part of the learning process.
- I express my ideas effectively through formal and informal writing.
- I routinely engage in critical thinking, including synthesizing and analyzing ideas.
- I am self-disciplined and well-motivated to complete the online course.
- I will seek help when needed with academic and technology issues.
- I will commit 4-8 hours per week on the course.
- I think through issues carefully before responding to questions or discussion points.
- I believe that high quality learning can take place without going to a traditional classroom.
- I understand that online education may be a more convenient way to pursue learning, but it is not without challenges.
- I have consistent access to a computer and reliable Internet.

4. Parent/Guardian Responsibilities
Students that enroll in a CPHS 2.0 fully-online course are required to have an identified parent or guardian to help ensure success in the course. Parents/Guardians will be asked to fulfill the following roles:
- Sign a form provided by CPHS confirming their commitment to support their fully-online student. (Emancipated and/or Age of Majority students may sign in place of a parent/guardian.)
- Attend a CPHS 2.0 orientation meeting with the enrolled student prior to the beginning of the semester.
- Monitor progress throughout the course to ensure the student is fully engaged and effectively participating in the course. Support is particularly important early in the semester to ensure a successful start.
- Provide support and encouragement to the student and report any problems to the online teacher or CPHS administrator. Early identification of any problems is a key to success.
- Parents/Guardians uncomfortable with the level of technological sophistication required may also designate a course mentor for their child to help with the above tasks. Individuals fulfilling this role must be at least 18 years of age.

5. Fully-Online Courses Available for 2019-20
The following courses will be available for enrollment:
- American Government
- Economics
- English 12 A/B
- US History
- Dual Credit Medical Terminology
- Dual Credit Human Biology
- Health

6. Guidance, Enrollment, and Scheduling
Guidance service and scheduling processes for CPHS 2.0 fully-online courses will follow the same procedures that are outlined in previous sections.
- CPHS 2.0 courses will operate on the same semester schedule as traditional CPHS courses. These courses are NOT designed as self-paced courses, and students will begin and end courses on the standard semester schedule.
- Students may not enroll in a CPHS 2.0 course after the tenth day of the semester.
- CPHS guidance counselors will approve student participation in fully-online courses.
- Students may drop an online course up to the end of the 1st nine weeks of the semester. (This would be the end of three (3) weeks for Summer School.) After this drop window, students are subject to academic penalty if they withdraw from the course.
- Students can only enroll in two fully-online courses simultaneously with special permission from CPHS administration.
- If a student fails a fully-online course, they will need special permission from a CPHS counselor or administrator to enroll in another fully-online course.

7. Online Course Attendance Policy
The attendance policy for CPHS 2.0 fully-online courses will follow the same procedures that are outlined in earlier sections with the following exceptions:
- CPHS 2.0 fully-online courses are NOT self-paced. Students are expected to meet weekly deadlines within the course.
- Students are expected to login consistently throughout each week of the course.
- Students who do not submit work in a course for two consecutive weeks will be referred to their guidance counselor by the teacher. These students will be withdrawn from the course.
- Students with special circumstances that prevent them from submitting work should contact their teacher as soon as possible.

8. New Chromebooks 2019-2020
In August, 2019 new Chromebooks will be distributed to all Kindergarten through grade 9 students. Beginning in the 2019-2020 school-year only school-owned Chromebooks will be used during the school day.
BYOD (Bring-Your-Own-Device) cannot be used during the school day.

The rationale for Chromebooks only and no BYOD during the school day is to

- provide a safe digital environment where filtering protects students from internet access to visual displays that are obscene, child pornography or harmful to minors;
- use GoGuardian so teachers can monitor student activity, as well as limit students to specific instructional websites for the day of learning;
- deliver the same user experience for learners allowing teachers to focus on the teaching and assessing for learning in the classroom;
- maintain and manage all devices including instructional apps and extensions to enhance the educational experience for students; and
- troubleshoot and repair Chromebooks and issues related to the learning management system (Buzz).

Crown Point Community School Corporation will allow students in grades 10-12 to use personal technology devices (PTD's) to access the wireless network in CPHS. This wireless access is designed to enhance the student's educational experience and outcomes. Students and parents will be given a copy of the BYOD Responsible Use Policy and Agreement Form to sign. CPCSC will not provide the device for an online course.

9. Computer Specifications
Although the Crown Point Community School Corporation does not recommend a specific computer, we believe a student should consider the following when making a choice:

➢ Size of screen for viewing
➢ Size of keyboard for typing
➢ Battery life for the entire school day
➢ Video Camera
➢ Audio and speaker/microphone and earphones
➢ Multiple USB ports

Therefore, the minimum specifications for a computer in order to perform learning requirements are listed below:

- Operating System – Windows XP SP3 or higher, or MAC OS x 10.6 or higher
- CPU – Digital Core Processor
- Memory – 4 GB or higher
- Hard Drive – 128 GB or more
- Optical Drive – Internal or External DVD Burner or CD RW/DVD-R
- Display – 13” or larger
- WIFI compatible
- Battery life for the entire school day – consider purchasing an extended-life battery
- Flash compatible
- Video recording and playing
- Audio recording and playing
- Video Card with 128 MB or more of memory
- Memory Card Reader
- Multiple USB 2.0 Ports
- Up to date virus and malware protection (optional if using a MacBook)
- Students should also have a headset with a microphone (for listening and speaking) or ear-buds for listening only

These minimum specifications may be updated periodically as current technology changes or new technology becomes available.

10. Who to Contact with Problems or Questions

<table>
<thead>
<tr>
<th>Problem or Question</th>
<th>Who will help</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hardware or Technical</td>
<td>Students having hardware or technical issues should seek assistance from the device user manual, support website, or technical support phone number. This information is provided when you purchased the device. CPHS staff will assist students in locating resources to find solutions to hardware and technical issues. Please email <a href="mailto:CPHSTech@cps.k12.in.us">CPHSTech@cps.k12.in.us</a> for assistance.</td>
</tr>
</tbody>
</table>
Connecting to the School Network

Students having trouble accessing the CPCSC network on the device should follow trouble-shooting instructions on the device, read the user manual, check the device tech support website, or call the device tech support phone number. CPHS staff will assist students in locating resources to find solutions to problems connecting to the network. Please email CPHSTech@cps.k12.in.us for assistance.

Software Updates

Students are responsible to monitor and update software for optimal security and performance, i.e. Java, Shockwave, Security, etc. CPHS staff will assist students in locating resources to update software. Please email CPHSTech@cps.k12.in.us for assistance.

Charging Batteries

It is the responsibility of the student to bring the device to school fully charged. If time and electrical resources are available, teachers may allow students to charge their devices in the classroom when they are not being used.

Access to the Online Course

Students will access their online course by logging into their RDS Student Access account. Once logged in, the student will see the Buzz icon on the left side of the screen. By clicking on that icon, the student should be immediately taken to their Buzz home screen where the online course will be listed in the “My Courses” section. If the course is not appearing, contact the teacher of the course. There is a school directory available on the CPHS website with email and phone listings for every teacher. Note that students are not able to access their RDS Student Access accounts between midnight and 6:00 a.m.

RDS Student Access Accounts

Students are responsible for the security of usernames and passwords. Students who have forgotten their password should use the “Forgot your password?” link on the login page. That procedure will send a new password to the email address linked to that RDS account. Students who do not know their user name or do not have an RDS Student Access account should fill out a Student Technology Request form and submit it to the Media Center. Please note that assistance with the RDS Student Access accounts is not available outside of the regular school day.

RDS Parent Access Accounts and BrainHoney Parent Observer Accounts

Parents are able to view “read only” versions of their child’s online course by logging into their RDS Parent Access account and clicking on the Buzz icon. Clicking on their child’s name on the Observer Home screen will bring up a list of that child’s courses. Parents may also use the “Forgot your password?” link on the login page to receive a new password via email. Parents who have forgotten their RDS username or do not have an RDS Parent Access account should email cphsparent@cps.k12.in.us. Replies will be sent during regular school hours.

Course Issues

Student assistance for course navigation, links that don’t work, email, downloading and uploading assignments, discussion boards, etc. will be provided by the teacher of the course. If the problem is with the Buzz Learning Management System, the teacher will contact the Buzz administrator.

Academic Help

Once enrolled in a course, students and/or parents should contact their respective teacher with all academic questions such as:
- Accommodations for testing (e.g. students with 504’s or IEP’s)
- Questions about assignments/content/directions
- Tutoring options
The teachers will forward questions to additional personnel as needed. Teacher contact information will be included in each course.

Please email cphsstudentservices@cps.k12.in.us or call 219/663-4885, Ext. 11061.

CPHS 2.0 – STUDENT AND PARENT/GUARDIAN PARTICIPATION AGREEMENT

Only through continuous communication and effective time management can students be successful in a fully-online course. The purpose of this documentation and agreement is to increase student and parent/guardian understanding of the participation requirements for a CPHS 2.0 fully-online course so both can better prepare to maintain a regular schedule of participation and assignment completion.

Student – Within each course, the teacher outlines the weekly minimum work requirements. It is essential that you submit work on time and that you and your teacher maintain regular contact with each other. You should be prepared to take proctored examinations at CPHS during the semester.
Parent/Guardian – Students in fully-online courses need consistent organization and encouragement to succeed. You pledge to monitor and support your student to ensure that they engage in the course on a regular basis and complete weekly assignments in a timely manner.

You understand that this course begins and ends on the same dates as the regular CPHS terms.
