

December, 2009

Crown Point High School was honored as one of the State Chamber of Commerce's "Best Buys" for taxpayers. The State Chamber examined Hoosier high schools to recognize the highest educational achievement levels for the lowest amount of tax dollars.

Five Lake County schools were included in the "Best Buys" list:

- Crown Point High School
- Hobart High School
- Lake Central High School
- Lowell Senior High School
- Munster High School

Chamber President Kevin Brinegar said, "This balancing act of limited funding while realizing a varied and competitive education is no easy task." "Businesses and communities in these areas should be very proud of what their schools are achieving and how their students are being readied for further education paths and a competitive job market."
